

Schematic diagram: Filter and watercourse pump AquaMax Eco Expert in combination with OASE InScenio FM-Master WLAN

INSCENIO FM-MASTER WLAN

An App usable for the garden pond - at last, control your technology via WLAN!

- Innovative highlight of the OASE InScenio Power Management family, controllable via WLAN on tablets or Smartphones (iOS or android)
- Simply download the app (from the Apple Store or via Google Play) and get started
- With 4 power outlets: 3 can be switched on and off, 1 is dimmable in addition
- Each power outlet can be controlled over 24 hours with integrated timer
- With additional EGC connection for use with other OASE EGC compatible products
- Up to 10 compatible OASE EGC products can be remotely controlled using the App
- All-year round use with spray water resistant power outlets
- Ground stake guarantees secure anchoring in the ground

InScenio FM-Master WLAN EGC

- Can be networked with the new OASE Cloud through a free-of-charge update 2017

WLAN connection technology

At last, you can easily, conveniently and quickly read out and regulate the capacity information of your garden devices. And you can do it with a range of up to 80 (with unobstructed signal transmission).

Spike

The ground stake for easy installation without digging and secure anchoring in the ground, is included in the scope of delivery.

Splash guard

To be on the safe side: The InScenio cover protects the electronic parts from splashing water. In addition, with the optional InScenio Rock cover the InScenio can be ideally integrated in the garden world.

EGC connection

For intelligent connection of garden devices e.g. AquaMax Eco Expert using the interface.

Extras

Top product characteristics

- Revolutionary device control in the garden with WLAN, via tablet, or a smart phone.
- Connection possibility for EGC-compatible devices (e.g., AquaMax Eco Expert)
- With radio remote control for up to 10 remote controllable OASE devices

Recommendation

The OASE InScenio FM-Master WLAN app is programmed for mobile devices iOS 7.x or higher, and Android 4.0.3. As soon as valuable updates are available there is an automatic notification for the free download. To ensure the best possible range of the WLAN connection (2.4 GHz) make sure there is an unobstructed view between the smart phone / tablet and the FM-Master. Even greater distances can be achieved through off-the-shelf booster antennas or repeaters.

For all OASE products that can be controlled remotely, such as the FM-Master 1 to Profimaster, as well as the Water Entertainment products, Water Trio, Quintet, Quintet Creative, Jet Lightning and the JumpingJet Rainbow Star, you can replace the remote control units with your smart phone / tablet in combination with the FM-Master WLAN.

Accessories

InScenio Rock sand

Cover in rock effect suitable for all InScenio FM-Master housings.

Item no. 50417 page 298

Connection Cable EGC 2.5 m

Item no. 47038

Connection Cable EGC 5.0 m

Item no. 47039

Connection Cable EGC 10.0 m

Item no. 47040

Cable connector EGC
