

## POND & POOL VACUUMS

### *Ambitious pond & pool vacuum with integrated delivery pump*

- Vacuum without interruption thanks to integrated emptying pump
- Flexible use – waste water can be diverted in any direction.
- Pumps the waste water even over height differentials
- Maximum suction depth of 2.5 m thanks to high performance 1700 W motor with optimised blade geometry
- Can be used for cleaning garden ponds, pools and swim ponds as well as a wet vacuum in the household
- Transparent suction tube for flow through control
- Easy to move with transport rollers and adjustable handle
- More ground clearance and silent tyres in Big Wheel design
- Hand regulator for adjusting the suction power
- Suction capacity up to 8000 l/h, depending on the implementation conditions
- Discharge hose with C-connection on both sides
- Included in the scope of delivery: 4 robust aluminium tubes, special string algae nozzle, broadened universal nozzle, wet suction brush, brush nozzle, debris collection bag, 5 m long suction hose and 10 long discharge hose

## PRODUCT DETAILS

### Wastewater pump

The container is emptied via an integrated silt pump. Thus the wastewater can be flexibly diverted.

### Pre-filter bags

Larger particles such as pebbles or leaves are retained in the tank. Emptying occurs with particular convenience via zipper. For retention of smaller particles > 1 mm an additional fine filter sack is included for the outlet (not suitable for pond silt).

### Hand regulator

For adjusting the suction power, for example in shallow water.

### Big Wheel chassis

Special large wheels (155 mm) ensure suitability for rough terrain. The extremely quiet tyres are specially designed for low-noise whilst in operation

### Drain with C-connection

On the pressure side, the PondoVac 5 has plastic C-connection for the discharge hose – reliable and sealed.

## TECHNICAL DATAS

		PondoVac 5	
Dimensions (L x W x H)	mm	436 x 425 x 716	
Rated voltage		230 V / 50 Hz	
Power consumption	W	1700	
Power consumption pump	W	900	
Power cable length	m	7.50	
Net weight	kg	24.30	
Guarantee (+ request guarantee) * P. 310	Years	2 + 1	
Suction depth max.	m	2.50	
Max. flow rate	l/h	8000	
Length, suction hose	m	5.00	
Length, discharge hose	m	10.00	
Floating hose application		38 mm	
Item no. (GB-Version)		41983	
Item no.		41982

## Extras

### Top product characteristics

- Full power without interruption, thanks to separate suction and pump function
- Maximum suction depth 2.5 m
- Also ideal for cleaning pools and swim ponds

### Included in the scope of delivery

**Universal nozzle, wide**  
The all round product (2–10 mm) removes pond floor debris without vacuuming up the gravel.

**Special string algae nozzle**  
With this nozzle, strands of string algae can be separated and easily removed.

**Area nozzle**  
With rollers, integrated brush and weight for large areas such as in pools or swim ponds.

**Brush nozzle**  
For corners and stubborn debris.

**Wet suction nozzle**  
Wet suction for indoors and outdoors.

### Accessories

**Telescopic pole PondoVac Premium**  
Thanks to the three-piece adjustment element, lengths between 1.8 m and 4.8 m can be easily adjusted. Including quick-connector and plastic handles.  
**Item no. 40303 (page 188)**

**Floating hose Set PondoVac 5**  
Set consisting of 10 m floating hose (ø) 38 mm and connector for nozzles in scope of delivery.  
**Item no. 41984**

**Extension hose PondoVac 5**  
10 m drain hose extension Including C-Connection for both hose ends.  
**Item no. 43487**
