

## Extras

**Recommendation**  
 The tool duo Regular care is important for healthy growth of plants in and on the pond. For this we recommend the Flexi Cut 2 in 1 pond scissors, with which the cuttings can be firmly held and cut. Thus plant remains can also be easily removed from the water. Also, branches or leaves at a distance of up to 2 meters can now also be conveniently grabbed with the new EasyPick telescopic premium pond pliers. This is what we mean by easy work on the pond!

# USEFUL POND HELPERS

For ease of use in and around the garden pond

## POND SHEARS/ POND PLIERS
